Dear Mr. Fountaine:

I have altered the figures in your application for public library construction in accordance with the figures in your letter of September 28. It is not necessary to submit new applications. Under the present matching ratio the Federal share of your project will be \$28,772 and Palmer's share will be \$39,978.

These Federal funds are available to Palmer this Fiscal Year. By March or April 1967 you will no doubt be able to know the status of the project.

Since the local funds are not specifically certified as available, I cannot submit your project to Washington for encumbrance of your allotment. Preliminary expenses now incurred for a project that will be realized, cannot later be included for reimbursement.

Sincerely,

/s/ Helen Dirtadian
(Miss) Helen Dirtadian
Director of Libraries
